PROFILE

Full Stack Developer specialized in React and .NET, with 2 years of experience developing, maintaining, and evolving enterprise tools in an international environment.

I am looking to grow within a stimulating environment, working independently or as part of a team, in France or internationally.

PROFESSIONAL EXPERIENCE

Ivalua - Montpellier

Full Stack Developer – C# / .NET Core

Sep 2023 – Sep 2025 (Apprenticeship)

- Maintained and evolved a mission-critical C# / .NET management tool used across a 50+ collaborators internationally, resolving production anomalies within a 48h SLA
- Designed and developed new features applying SOLID principles and design patterns, including legacy code refactoring to reduce technical debt and improve application performance
- Led a TDD-driven test strategy, growing code coverage from 40% to 80% and securing deployments in a critical production environment
- Active participant in Agile Scrum ceremonies, Daily Scrums, backlog grooming, complexity estimation and proactive risk reporting

Freelance Developer

2025 (Currently)

Designer Portfolio Website (<https://www.ekaterinapotapova.design>)

- Built a custom portfolio website to showcase a designer's projects and visual identity, featuring a no-code page builder allowing the client to add and edit content independently.
- (React / Node.js / .NET REST API / PostgreSQL / S2 / Docker / GitHub CI/CD)

Restaurant Website (<https://www.o-jasmin.fr>)

- Responsive showcase website highlighting the restaurant's identity and atmosphere, with online reservation management, menu presentation, and SEO optimization.
- (React / Node.js)

Therapist Website (<https://www.harmonessens.fr>)

- Appointment management platform with personalized booking system, automated email responses, and contact forms for streamlined client communication.
- (React / Node.js / MySQL)

HARD SKILLS

REMOTE WORK SKILLS

- Proven experience working remotely within an internationally distributed team
- Daily use of collaborative tools and online project management platforms
- Clear and structured asynchronous communication with multicultural teams
- Strong autonomy, organization, and time and priority management
